

HOLLOWBAR

For the very best in hollowbar products, turn to TW Metals. We have the products, processing, pricing, and quality you're looking for.

The hollowbar products you need – when you need them.

TW Metals stocks the products you need, including seamless, hot finished, mechanical stainless tubing in grades 304/L and 316/L. These products can help reduce the scrap that often results from using machined bar products.

Plus, we offer a full range of complementary products, including stainless bar, pipe, commercial tubing, and fittings for many industries.

Grades 304/L and 316/L
Spec ASTM A511
Other specifications available

TW Metals also offers worldwide sourcing of engineered sizes. And because we maintain a deep inventory at each of our nationwide locations, you're assured of delivery in two days or less.

The Best Specialty Metals,
Long Products Service Center

In the **TUBESALES** tradition.

TW Metals carries on the quality tradition of Tubesales, one of the most respected names in metal long products and services. As a result, we bring decades of specialized experience to your order.

Full processing capabilities.

TW Metals offers specialized cutting facilities for all types of hollowbar materials, ensuring accurate, straight, and distortion-free cut lengths to the tolerances you require.

ISO 9001:2000 certified quality.

We insist that suppliers meet the highest quality standards in their industries, and conduct regular inspections. And, we maintain test certificates to ensure full material traceability, along with a library of all current international standards and customer specifications.

Competitive prices.

Best of all, TW Metals delivers all this quality, service, and value at highly competitive prices. And remember that additional products and alloys are available through customized supply programs tailored to your needs.

So when you want the best in tube, pipe, bar/rod, or extrusions in stainless, aluminum, nickel, alloy, or titanium, think TW Metals. Call us today at 1-800-203-8000.
