TW Metals Awarded 2 Defense Supply Center Philadelphia Contracts

Exton, Pennsylvania, November 15, 2004—TW Metals' Government Business Unit has been recently awarded 2 indefinite quantity contracts totaling over 40 million dollars from the Defense Supply Center (DSCP) located in Philadelphia, PA.

The first contract involves domestic Department of Defense facilities. This domestic contract involves products that range from alloy sheet, plate and bar to stainless sheet, plate and bar. The contract is known as a Direct Vendor Delivery Contract (DVD), by which TW Metals will ship material to multiple Department of Defense locations as required and Just-in-Time (JIT).

The second contract also involves domestic Department of Defense facilities. This contract involves aluminum heat treated sheet and plate products for use by the U.S. Army, U.S. Navy, U.S. Air Force, U.S. Marine Corps and other federal customers. This contract is also a Direct Vendor Delivery Contract.

"We are very pleased and proud to receive these awards," said Bob Mraz, Vice President Sales and Marketing, "and look forward to working with DSCP in the years to come by providing them with unparalleled customer service."

A dynamic and customer-focused organization, TW Metals is a leading specialty metal distributor with over 25 facilities worldwide. The company offers a broad range of products and services, including but not limited to extrusions, fittings, pipe, rod & bar and tubing. TW Metals was formed in 1998 through the merger of Tubesales (founded in 1946) and Williams and Company (founded in 1907). TW Metals is a wholly-owned subsidiary of Superior Group, Inc., a private holding company headquartered in Radnor, PA. For further information, visit www.twmetals.com.
